
More on Slovakian Perfins

Bob Schwerdt (505-L)

Here is some new information generated by my article "Austrian Precursors of Slovakian Perfins" published in the June *Bulletin*.

STADTMUHLE, CILLI

Chart #2:

H.F.S. ZAGREB (one word)

Chart #2 (Cont.):

K.L. delete (SLOVAKIA), add

(SLOVENIA) [previously noted]

WOVOSTI Correct spelling NOVOSTI

Chart #3:

T.K. Periods, not commas, after letters

AUSTRAIN correct to AUSTRIAN

That's all so far – except to note that I have a copy of the precursor pattern (C.G.A/H.) referred to by Bob Szymanski in the Jul/Aug *Bulletin* (p. 120). Mine has a smudged cancel and what is legible shows [...FURT] The Austrian catalog shows this pattern as having INNSBRUCK postmarks! There is never a simple answer.
